

Can't Help But Admire Babies

Every Woman Casts Loving Glance at the Sweetest Cuddled in its Bonnet.

A woman's heart responds to the sweetest of a pretty child, and more so today than ever before since the advent of Mother's Friend.

This is a wonderful external help to the muscles and tendons. It penetrates the tissues, makes them readily yield to nature's demand for expansion, so there is no period of pain, discomfort, straining, nausea or other symptoms so often distressing during the anxious weeks of expectancy.

Mother's Friend thoroughly lubricates every nerve, tendon and muscle involved and is a sure preventive for caking of the breasts.

And particularly to young mothers is this famous remedy of inestimable value. It enables them to preserve their health and strength, and they remain pretty by having avoided all the suffering and danger that would otherwise accompany such an occasion.

You will find this splendid remedy on sale at all drug stores at \$1.00 a bottle.

Write Bradfield Regulator Co., 234 Lamar Bldg., Atlanta, Ga., for their instructive book for expectant mothers.

CRIPPLES AND BLIND

"LOAN SHARK" VICTIMS

Two Hundred Money Lending Cases Will Be Heard in Police Court Within Month.

TO DEMAND JAIL SENTENCES

"Even cripples hobbling about on crutches, and blind persons living on mere pittance, are in the meshes of the loan sharks."

Thus spoke Roger J. Whiteford, assistant corporation counsel, when asked how far the law's investigation had gone in making cases against money lenders who persist in charging exorbitant rates of interest.

More than 200 cases will be taken before the Police Court in the next month. Managers of practically every "loan shark" place of business in the city have been arrested from time to time, but the investigation started by Francis H. Stephens, chief assistant corporation counsel, and Mr. Whiteford, has made it possible to place other charges against them.

"I am going to insist on jail sentences for persons who have violated this law," said Mr. Whiteford. "I want every man and woman who have been swindled by these people to come to my office in the District Building and help us in this fight. I advise those making payments on loans to pay only 75 per cent of the principal."

FRIENDS MOURN DEATH OF ELBERT TODD NASH

Memorial Services Are Held for Former Cadet Captain, Who Died at Cornell.

Memorial services for Elbert Todd Nash, captain of the victorious company at the annual competitive drill of the High School Cadets last Spring, who died at Ithaca, N. Y., February 8, were held last night in Hamline Methodist Episcopal Church, where the young man attended.

The members of Company K, of the McKinley Manual Training School, of which young Nash was captain, attended in a body, as also were representatives of Alpha Delta Sigma fraternity, with which he was identified. The pulpit was decorated with numerous floral pieces, banded around an immediate photograph of the young man. The family of the young man occupied special seats at the front of the auditorium.

George Andrews, U. S. A., the adjutant general who presented the competitive drill trophy to Capt. Nash, occupied a position on the platform. Rev. Lucius C. Clark, pastor of the church, paid high tribute to young Nash.

Others who paid tribute were Edwin W. Le Fevre, of the Alpha Delta Sigma fraternity of the McKinley School; Miss Alice Deal, teacher at the McKinley School; and Edward S. Brachers, superintendent of the intermediate department of the Sunday school, of which Mr. Nash was assistant secretary.

Reminiscences from Company K, of the Corps of Cadets, which Mr. Nash was a member, were read, together with resolutions from the Sigma Alpha Epsilon fraternity of Cornell University, to which he was about to be initiated at the time of his death.

A solo, "The Christian's Good Night," was sung by J. Walter Humphrey, and a soprano solo was sung by Miss Marion Nash, the daughter of the deceased.

A series of young men advanced to the altar and pledged to start upon the Christian life, following in the footsteps of their comrade.

Mr. Nash was born July 10, 1885. He was graduated from the McKinley School last Spring.

"BEN-HUR" PLANS COMPLETE.

Elaborate preparations for Evelyn Gurley-Kane's recital at Willard.

Completion of the plans for the presentation of the national program, comprising the presentation of "Ben-Hur" as dramatized by Evelyn Gurley-Kane, the noted artist, with a recital of the Marine band, accompanied by a specially trained choir and a section of the Marine band, was announced last night by the artist's manager, Evelyn Gurley-Kane herself, who will give the dramatic recital, portraying each character, the story being told almost entirely in dialogue. The presentation is that created by Evelyn Gurley-Kane and given by her during two successful seasons in New York.

Among the elaborate arrangements to provide color for the presentation includes the striking of the Segue clock by one of the members of the Marine band, beginning as the last word of the celebration, "Prayer of the Desert" is spoken by the Chaplain of the Senate, Rev. Dr. Forrest J. Fretwell, this marking the historical hour at which the prayer was uttered. The dramatization has been done with exquisite art, the intense interest of the story reaching a tremendous climax in the last scene where the mother and sister are healed of leprosy and the family reunited. In this last scene is one of the finest ensembles of the recital.

Among the letters of congratulation Evelyn Gurley-Kane has received is one from Secretary of State and Mrs. Bryan.

ON A JOURNEY TO VIENNA.

E. M. Newman Takes Large Audience on Delightful Trip.

Vienna, the gay and beautiful capital of Franz Josef, was the subject of E. M. Newman's travel talk at the Columbia Theater last evening.

Mr. Newman's descriptions of the city's scenes were made more vivid by exquisitely colored slides and motion pictures, showing the principal buildings and streets, the interiors of palaces and churches, royal vehicles, collections of paintings and sculpture, the Imperial Opera House, and graves of famous composers.

The Viennese are notably pleasure loving, and intimate glimpses were had of this vivacious people at Gaenss Heutel, the bathing resort, in the cafes, and other amusement places.

A splendid motion picture showed the aged and venerable Emperor Franz Josef participating in the ceremonies attendant upon the dedication of the new Kaiser Bridge, and another notable film showed the collection of noble horses in the royal stables.

Count Zepplén and his monster dirigible were shown, and delightful views of Schoenbrunn and its park, with their many memories of the past.

This delightful picture journey will be repeated at 4:45 o'clock this afternoon, and will conclude Mr. Newman's series of travelogues for this season.

Hear Talk on Nietzsche.

"The Ethics of Nietzsche" was the theme of a thesis read before the Collegiate Club last night by J. B. Lazarus, of Boston, a graduate of George Washington Law School, and a member of the District Bar.

Miss Lucy Burleson Helps Establish Socialist Society

Postmaster General's Daughter Fosters Movement at George Washington University for Forming of Socialism Study Class.

Miss Lucy K. Burleson, daughter of the Postmaster General, is one of the prominent students fostering a popular movement at the George Washington University for the organization of a Society for the Study of Socialism.

The organization will be a chapter of the Intercollegiate Socialist Society, which at present has branches in more than sixty colleges and universities in the United States. Miss Burleson was one of the first to enroll her name in the list of students who propose making a thorough study of the various phases of socialism.

The object of the society, as stated by Otto C. Gauntner, Jr., a junior at the university, and organizer of the chapter, will be "to promote an intelligent interest in socialism among the young men and women of the college." The society will be addressed from time to time by prominent speakers holding varied views concerning the question of socialism.

The organization will meet at 8 o'clock on the second and fourth Saturday evenings of each month, commencing March 14. Meetings will be held in the history lecture hall of the university, 202 G street northwest. Harry W. Laidler, organizing secretary of the Intercollegiate Socialist Society, recently delivered a lecture at the university, and aroused much of the enthusiasm that has resulted in the formation of the chapter.

Many prominent students have signified their intention of joining the organization. Among the number is Mrs. Su-Ying Chiao Wu, wife of Ying Wu, commercial attaché of the Chinese Legation, and representative of the Chinese government at the International Congress of Refrigeration recently held in this city. Both Mr. and Mrs. Ying are students at the university.

In Public Life 33 Years, Senator Bacon Died Poor

Old Home in Macon and Library His Principal Possessions—Body to Lie in State at the Capitol Tomorrow Afternoon.

After thirty-three years in public life, Senator A. O. Bacon, of Georgia, died practically a poor man. His old home in Macon and his carefully selected library are the only earthly possessions left by the distinguished soldier, statesman, and patriot.

Practically the entire time of the Senate after Tuesday this week will be occupied with the funeral arrangements. Senator Bacon's funeral will be held in the chamber Tuesday. The last meeting of the Foreign Relations Committee be attended was about a fortnight ago, when it decided to report the general arbitration treaties then pending.

Later the chairman of the committee was taken ill and consideration was postponed to a later time. The Senator was anxious, however, that those treaties be taken up at the earliest moment practicable and notice was given that they would be called up Thursday, the ranking Democrat is ill, and Senator Shively, of Indiana, is acting chairman.

It is thought the eight conventions pending before the Senate may be ratified before the end of the month.

Although the Senator's will has not been probated, it is thought his home will be left to his grandson and namesake, Augustus Octavius Bacon Sparks, a senior member of the law school of the University of Georgia. The university may become the possessor of his library.

WHITMAN AS GOVERNOR DISCUSSED AT LUNCHEON

New York Republicans, While Not Launching Boom, Believe He Will Be Candidate.

Charles E. Whitman, of New York, was the guest of honor yesterday at a luncheon given by Republicans in Washington who hope that Mr. Whitman will be a candidate for the governorship in the primaries to be held in that State in September. Nine of the eleven Republican members of Congress, however, had not yet attended the luncheon.

While the Whitman boom was not launched at the function the discussion revolved on the thought that Mr. Whitman would make a try in the primaries for the nomination for governor. It is the belief of most of the New York Republicans here that Mr. Whitman will, in due season, announce his candidacy. Despite the fact that the Republican party is out in the cold, those present at yesterday's luncheon appeared to be in an optimistic frame of mind over the future prospects of the party.

Representative Mott, who arranged the affair, presided at the luncheon. In addition to Whitman and Mott, the following also were present: Representative Caldwell, Parker, Wallis, Fairchild, Payne, Dunn, and Hamilton.

Loyal Delegate to Be Celebrated.

Archbishop Bonzano, papal delegate, will be celebrated at the solemn high mass to be sung at St. Paul's Church, February 23, in memory of the dead members of the Knights of Columbus. Dr. McClure, of Catholic University, will preach.

Star List of Speakers.

Samuel Gompers, Clark Griffith, and Representatives Rainey, of Illinois, and Curry, of California, have been announced as speakers at the smoker of Columbia Lodge, No. 174, International Association of Machinists at Naval Lodge Hall, Fourth street and Pennsylvania avenue southeast Thursday night.

CEREMONY INDOORS IN CASE OF STORM

Provision Made for Holding Maine Exercises in Fort Myer Drill Hall.

LARGE CROWD IS LOOKED FOR

Provision has been made so that possible bad weather this afternoon will not break up the ceremonies at Arlington National Cemetery at 2:30 o'clock in memory of the marines and sailors who lost their lives when the Maine went down in Havana Harbor February 15, 1898.

The drill hall at Fort Myer will be pressed into service for the exercises, if it should appear that the crowds would be made uncomfortable by cold or snow.

It is expected that the ceremonies will draw a large crowd to the graves of the Maine heroes. One of the features that makes the program unique this year is that H. Oden Lake, commander-in-chief of the Army and Navy Union, under whose auspices the services will be held; Washington Gardner, commander-in-chief, R. E. and John Lewis Smith, commander-in-chief of the United Spanish War Veterans, all will participate.

At the first formal service, held seven years ago, there were only ten persons present in the drill hall. The ceremonies attracted larger crowds and last year 4,000 attended.

President Wilson has issued an executive order to the effect that the relatives of the dead who are employed in governmental departments shall be excused from their offices today at 12:30 o'clock, that they may attend the services.

HOOKWORM DISEASE DECLARED WIDESPREAD

Dr. Wickliffe Rose, at Banquet, Says It Exists in Countries Representing Half World's Population.

Dr. Wickliffe Rose, of Washington, director of the International Health Commission, the successor of the Rockefeller Sanitary Commission, organized to combat the hookworm in the South, told the guests of John Barrett, director general of the Pan-American Union, at a dinner at the Pan-American Building last night hookworm exists in countries that represent half the population of the world.

He said that much advance has been made in checking this disease, but that so wide-spread is it that he does not expect to live to see it completely conquered.

The guests included medical experts and the diplomatic representatives of several of the South American countries interested in the fight against hookworm.

Dr. Harvey W. Wiley, formerly at the head of the United States Pure Food Bureau, told the diners that he would rather have a case of smallpox than a bad case of hookworm.

Dr. Rose declared that hookworm exists, in a large degree, in all countries between the latitudes 36 degrees North and 30 degrees South. He said mention of it has been discovered in the ancient Egyptian and Babylonian writings.

Among those present were Surg. Gen. H. C. of the Public Health Service, and several scores made by Senator Fletcher, of Florida; Dr. Clarence J. Owens, director of the Southern Commercial Congress, Senator Carlos Minister from Costa Rica, and Bernard N. Baker, of Baltimore.

"PROGRESSIVE DINNER" FOR MONDAY EVENINGS

Club to Stage Latest Style Meal. Where Officials Eat Course at Different Tables.

The "progressive dinner" is the latest. It is to be given tonight by the Monday Evening Club at Rauscher's. The idea, known to a few, is to have a dinner in the club, who is to be the hostess. The idea is to have a dinner in the club, who is to be the hostess. The idea is to have a dinner in the club, who is to be the hostess.

BRYAN'S BIBLE VIEWS SCORED.

Secular League Head Denies Book Is Word of God.

If Secretary of State Bryan had been present yesterday at the meeting of the Secular League he would have encountered a number who disagree with him in the belief that the Bible is the word of God and comes from a source higher than man.

Secretary Bryan, at the Bible conference last week, attacked those who do not believe the Bible is the word of God and termed them atheists and materialists. Reply was made by John D. Bradley, president of the league, who said Bryan's theory has been repudiated by the ablest Christian scholars.

Mr. Bradley said that "in the light of intelligence the dogma of a supernatural Bible is today utterly untenable. The supernatural Bible was disposed of long ago that it is now threadbare and stale from the standpoint of the scholar and thinker."

Dr. J. J. Shirley quoted utterances of Robert G. Ingersoll and pronounced them better than anything found in the Bible. Har Dayal, a Hindoo, said "India does not want or need the Bible." David Edwin Hughes, a Unitarian, said "The Bible is a book of lies." Donald Macpherson, and Prof. Hyland C. Kirk also spoke.

"GO-TO-CHURCH SUNDAY."

Special Services Held at Fifth Baptist Church.

"Go-to-Church Sunday" was observed yesterday at the Fifth Baptist Church with special services morning and evening, following an active campaign inaugurated last week. There was a large attendance at both services.

The Rev. Dr. John E. Briggs, pastor of the church, spoke on the "Commonplace Blessings" at the morning service and "Not Far from the Kingdom, but Not In It," in the evening. Plans will be made shortly for extending the campaign to all the churches of the city.

The Mulberry Room In Winter

Q In or near Washington no more delightful place in which to spend the dinner hours on a winter evening can be found than the Mulberry Room.

Q Because of that fact patronage from many convenient points makes the Mulberry Room its destination at this time of year.

Q Those residents of Washington who have occasion to take luncheon downtown should bear in mind the la carte and the 60-cent Club Luncheon service in Hotel Powhatan.

Q Music during luncheon, dinner, and after the theater.

Q Music! Real Music! Not the kind that annoys, but the kind that soothes. You should hear the pipe organ with full orchestra and an occasional song.

Hotel Powhatan

Clifford M. Lewis, Mgr.
